Be careful out there in the frigid temperatures.

It's a good idea to check on elderly loved ones regularly or, if you live out of town, make arrangements for neighbors to check in and provide their number to call in an emergency. If you are unfamiliar with the neighborhood, try contacting Interfaith Older Adult Programs and find out about their Neighborhood Outreach program, Telephone Reassurance program or the Good Neighbor Project. All these services can help an elder who may be isolated during an emergency. With your help, older adults can enjoy the winter months safely.

If you should like more information about helping older adults in your community stay safe during emergency situations, contact the Milwaukee County Department on Aging Resource Center of Milwaukee at 414-289-6874.
